

Life Enriching Journeys

[View this email in your browser](#)

Dear Birgit

As we reflect on 2023, we would like to wish all our incredible trade partners a Merry Christmas and a fantastic year in 2024. We feel extraordinarily privileged, and grateful, to be working with many of the world's leaders in travel to Africa, and we have been blown away by the massive efforts made to support our joint efforts to enrich lives in Namibia. We look forward to continued growth in 2024 and beyond and we thank you all, again, for your tremendous support! 2023 has once again been an incredible year for Ultimate Safaris, in partnership with our Foundation, from an impact perspective, raising an incredible USD 450,000, or NAD 8.5 million, for conservation and rural development initiatives. We are continue with our pledge to ensure that the equivalent of at least 2% of our commercial revenue is raised and invested in conservation and rural development via the [CONSERVATION TRAVEL FOUNDATION](#), and we are delighted that not only have we achieved that in 2023, but more than doubled it! What an incredible achievement.

We truly appreciate the tremendous support we have continued to receive. If you would like to assist with this, in the spirit of giving and investing in the health of what also supports your livelihood, please consider making a DONATION towards these ongoing efforts and donate [HERE](#) (and please note that we now have 501c3 donation options available for US taxpayers).

Here is a summary of some of the USD 450,000 worth of investments in conservation projects made during 2023:

The infographic features a white background with a subtle, repeating pattern of elephant silhouettes. At the top center is the logo for the Conservation Travel Foundation, which consists of two stylized elephants facing each other. Below the logo, the text 'CONSERVATION TRAVEL FOUNDATION' is written in a clean, sans-serif font. Underneath that, 'BY ULTIMATE SAFARIS' is written in a smaller font. The main headline '2023 Impact' is written in a large, yellow, cursive script, with 'US\$ 100K' in a large, bold, black sans-serif font below it. A white rectangular box contains the text 'INVESTED IN TSISEB SOLAR PLANT' in bold, black, sans-serif font. Below this box, the text 'IN PARTNERSHIP WITH ENVIRONMENTAL IMPACT FUND OF NAMIBIA' is written in a smaller, black, sans-serif font. The bottom half of the infographic is a photograph of the Tsiseb Solar Plant, showing a red building with solar panels on the roof, set against a backdrop of large, reddish-brown rock formations under a clear blue sky. The photograph is framed by a white, hand-painted style border. At the bottom center of the infographic, the website address 'WWW.CONSERVATIONTRAVELFOUNDATION.ORG' is written in a small, black, sans-serif font.
